

FINALLY

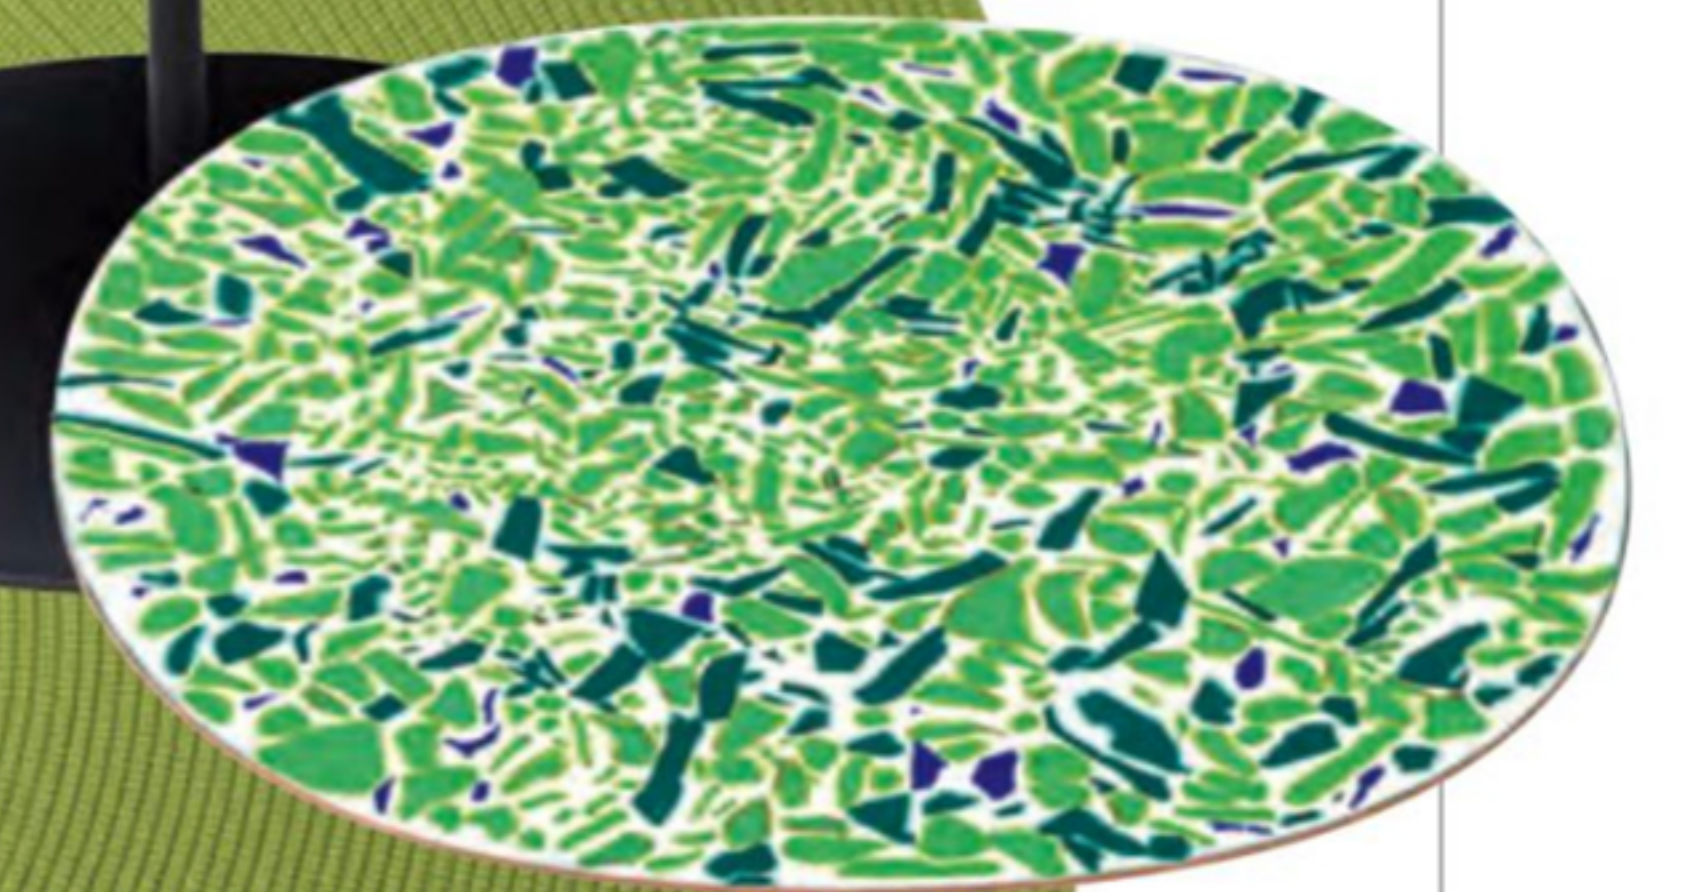

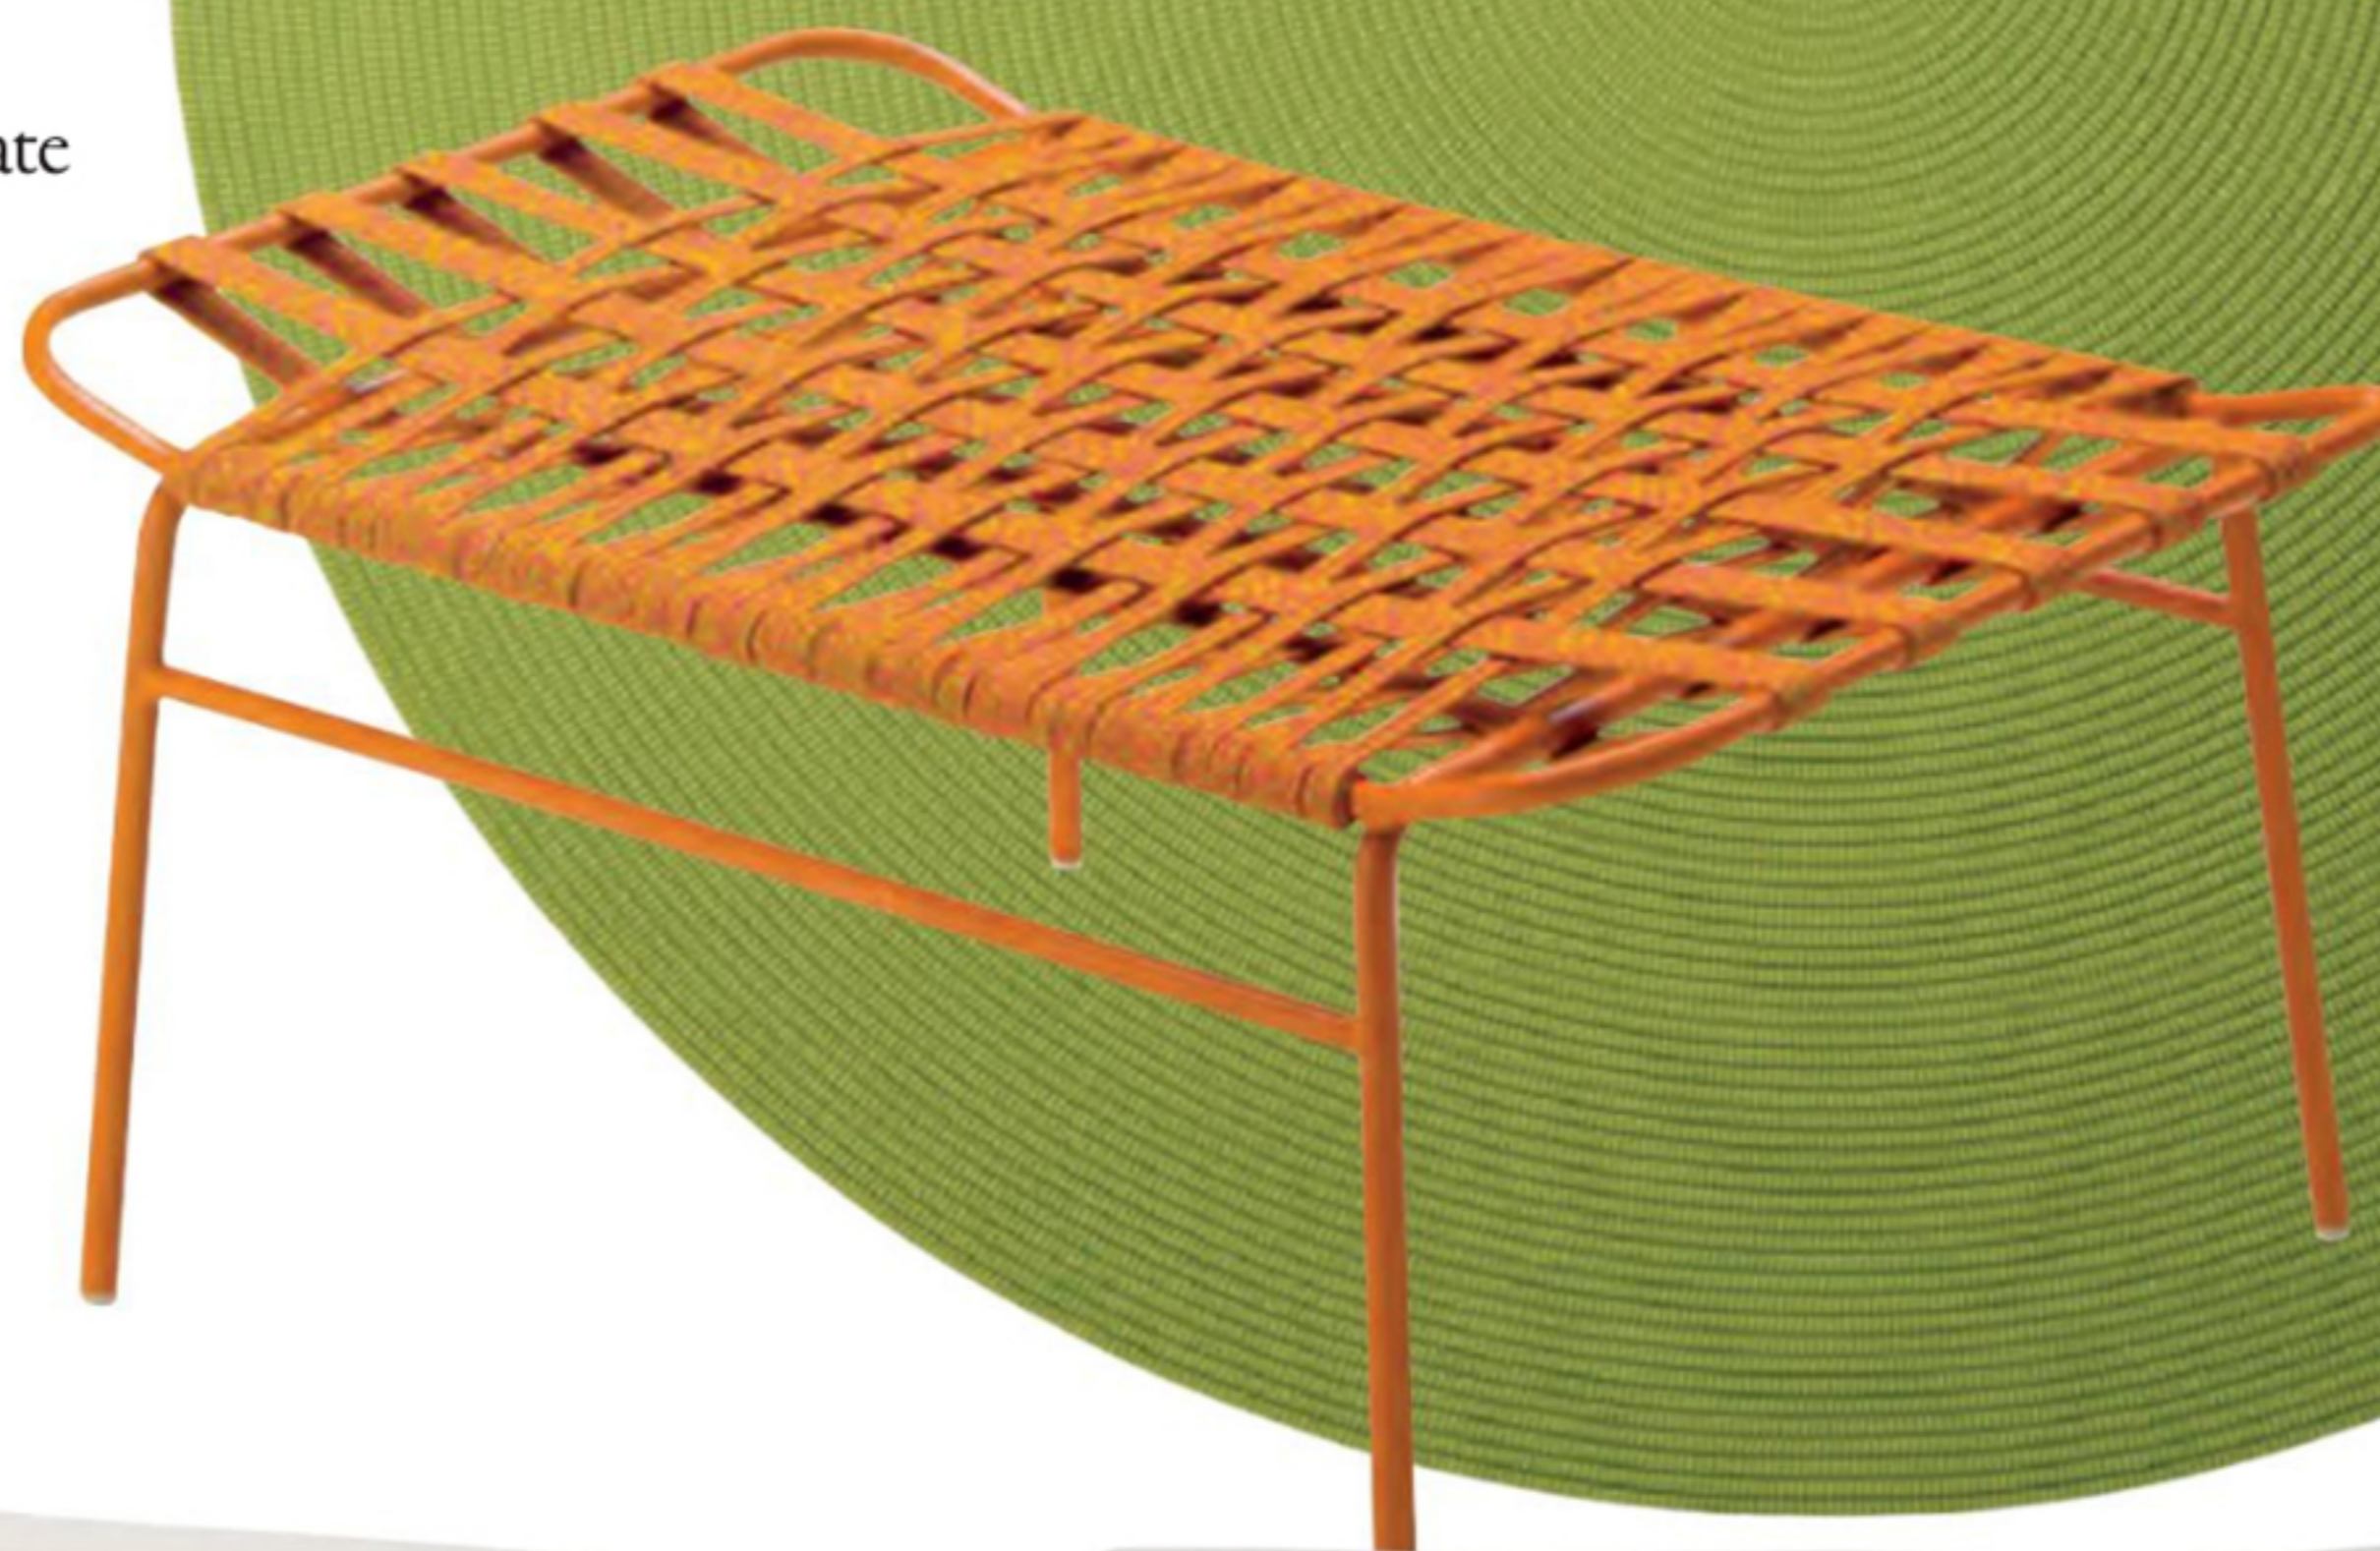

PLEASE, HAVE A SEAT

LongHouse Reserve has long been recognized as a cherished place where art and nature converge. For 2024, the garden invited Paola Lenti, the Italian furniture brand, to interpret that vision with a curated installation of the company's contemporary and colorful design furnishings.

"Paola Lenti is a master of color who took inspiration from LongHouse's habitat to curate the palette for the exhibition," says Carrie Rebora Barratt, the garden's director.

Visitors can enjoy more than 100 vivid armchairs, sofas, poufs, tables, and parasol umbrellas displayed across 16 lush acres—the perfect verdant backdrop for showcasing Made-in-Italy art, elan, and craftsmanship.

Paola Lenti designs are available through at West | Out East in East Hampton, as well as the company's other showrooms in NYC, Westport, CT, and Miami. longhouse.org, paolalenti.it/en/, westouteast.com
