"The Farniente hammock represents Hamptons beach life: comfortable, simple, elegant. It's perfect with a glass of wine and a dozen clams on the half shell"

product Farniente

designer Bestetti Associati

standout Time for a nap? This cozy hammock by the manufacturer's longtime collaborators is impetus to indulge. Constructed of Trame, a neat knit made of Paola Lenti's polyolefin Rope yarn, the design is resistant to sun, sea, and chlorinated water. The stainless-steel hooking system is reassuringly sturdy, while the riotous colorways, eight in all, impart jazzy charm. Through West | Out East Home. westouteast.com. **circle 989** ➤
