

# CLASSIC BLUE *for Design Lovers*

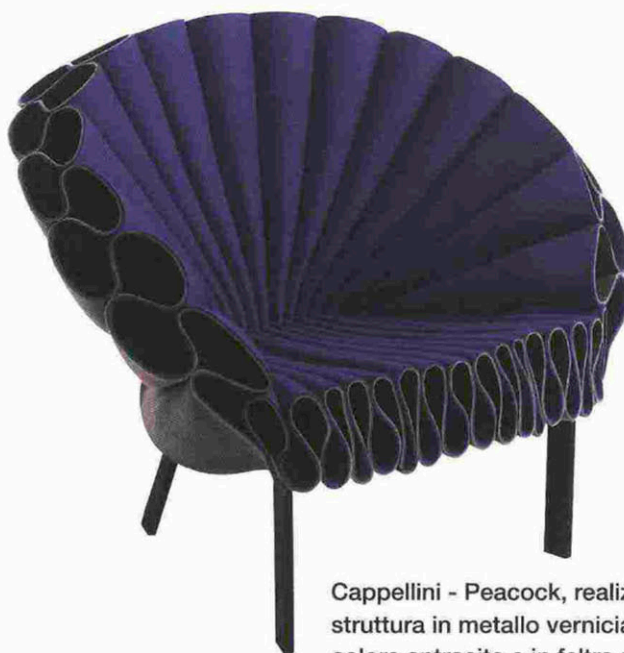

The Pantone Color Institute has given its verdict: Classic Blue is the colour of 2020. Why are you going to love it? It is the ultimate austere and refined hue, elegant in its simplicity: a limitless blue that evokes the vast and infinite evening sky, that invites us to relax, to reflect, and restore your inner balance. Perfect for lending a touch of colour and making our homes even more comfortable yet at the same time glamorous.
